

# Tank Capacities Update

**2003 Panther**

The information printed here reflects product design, fabrication, and component parts at the date of printing. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this document may not be accurate at the time of purchase. Please confirm any information with the dealership.

The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name, which will result in comparable performance. All information printed in this document is subject to change after the date of printing. Some features shown or mentioned in this document are optional and may only be available in selected floorplans.

The information on pages 252 and 435 "*TANK CAPACITIES*" needs to be updated to reflect the following changes:

## TANK CAPACITIES

The **Black Tank Capacity** has been changed to **56 gallons**.

**NOTE: All other capacities remain unchanged from the time of printing. However, all capacities listed are approximate value. Any floor plans introduced after this printing, may not be reflected. All other information pertaining to Tank Capacities within the manual will still apply.**
